**IQAC
(2021-22)**

Vision: To plan, guide and monitor the quality, continuous assurance and enhancement of the college activities.

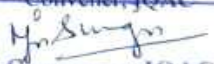

Mission: To channelize and systematise the efforts and measures of the college towards academic and administrative excellence.

Goals:

- To improve the overall academic ambience of the college.
- To prepare a plan of action for academic enhancement.
- To inculcate comprehensive learning, scientific temperament and developing leadership qualities in the students by planning various curricular, co-curricular and extra-curricular activities for their holistic development of the students.
- To instill in our students rational perspective, positive mindset and innovative thinking and promoting them to participate into various competitions.
- To accord a distinct milieu of excellence to students with human values, ethics, social commitment and adopt remedial measures if the progress is moderate.
- To motivate the faculty to present papers, posters in seminars/ conferences, participate in workshops and publish quality research papers in reputed journals(international/national level), developing a research culture for the professional and academic growth.

EDUCATION NOTES

ONLINE PARENT-TEACHER MEETING

Karnal: A parent-teacher meet was organised by KVA DAV College for Women, Karnal, on June 7-8. The meeting was conducted in three separate groups for science, commerce and arts streams online. Principal Renu Mehta, initiated the meeting by addressing parents and emphasising the role of all stakeholders in effective learning. The parents shared their views on teaching learning process and expressed their satisfaction regarding the cooperative nature of teachers, measures taken for extracurricular activities, and safe and secure environment provided by the college.

ATR:

Dr. Anju Narwal and Ms. Shivangi participated in the workshop at IIHS, Kurukshetra University, Kurukshetra on NEP 2020 from June 13-17, 2022. (Reports Attached.)

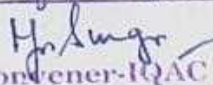

REPORT OF THE NEP WORKSHOP

IHS, Kurukshetra University, Kurukshetra, organized a workshop on NEP from 13 June-17 June, 2022, to create awareness and understanding amongst teachers about distinctive features of the NEP vis-à-vis curriculum modifications, shift in pedagogical proficiency and effective implementation of the flagship policy in higher education institutions. The illustrious resource persons and towering speakers at the workshop informed the participants that under the new policy, the undergraduate degree programme would be of four-year duration. Students can exit after one year with a certificate, after two years with a diploma, and after three years with a bachelor's degree. After four years, the student would be able to enter a research degree programme directly depending upon how well he or she has performed. Moreover, the master's degree programmes will continue to function as they do. The NEP proposes sweeping changes in the Indian educational ecosystem. The eminent speakers at the workshop stressed upon the need for a skilled workforce with multidisciplinary abilities across varied streams of knowledge for the successful implementation of the NEP. Aiming for equitable and inclusive education, the policy reaffirms every citizen's right to dream, thrive and contribute to the nation, bridging the social category gaps in access, participation and learning outcomes. NEP 2020 aims to provide infrastructure support, innovative education centres to bring back dropouts into the mainstream, besides tracking students and their learning levels, facilitating multiple pathways to learning involving both formal and non-formal education modes and association of counsellors or well-trained social workers with schools. Having a single regulator for higher education institutions, multiple entry and exit options in degree courses, the low-stakes board exams, and common entrance exams for universities — these are some of the key takeaways from the new policy. The workshop was attended by faculty, officers, administrative staff members, and senior professors.

ACTION TAKEN REPORT (NEP)

The new National Education Policy-2020 (NEP) envisions India regaining the coveted position of global dominance. It enables higher education institutions to develop a system that directly contributes to the country's transformation into a global knowledge superpower. It emphasises on flexibility and higher mobility for faculty and students; research, innovation and entrepreneurship; multidisciplinary education; internalisation of education; providing opportunities to students of regional languages, promoting vocational education, and its further integration with higher education.

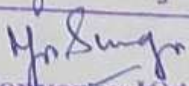

Our teaching faculty, namely, Dr Anju Narwal and Ms Shivangi, recently attended a workshop on NEP organized by IHS, KUK, dated 13 June-17 June, 2022. A key takeaway from the workshop was that there is a lot that is set to change under the new policy. Our college and its diligent staff members are geared up to take on this massive challenge, right from its onset in the educational ecosystem of our state, i.e., Haryana. The master trainers, Dr Anju Narwal and Ms Shivangi, conducted a workshop on NEP on 18 June, 2022, in the college campus to share imperative ideas pertaining to the policy with their fellow colleagues and seniors.

At this juncture, it is relevant to mention that our college has eminent faculty members with a skill set spanning multidisciplinary knowledge spectrum. Our staff is more than ready and willing to embrace this change and they understand that NEP provides a holistic, all-inclusive outlook towards education. The college is also working to shift towards multidisciplinary education, away from the hitherto rigid rubrics of "arts," "science," and "commerce" streams, with a renewed focus on the 21st century skills for a holistic, critical, and analytical pedagogical set-up.

The college also has a robust mentorship program for the students. The intent is to chisel their mental prowess in order to enable them to face the colossal challenges of the new world order. The college is grant-in-aid, and financial assistance is given to the teaching staff timely by the state government. Moreover, the college has an ultra pro-active, motivated, dynamic, and visionary faculty whose pursuit for excellence is indefatigable as well as unquenchable. Recruitments are done timely, in compliance with the rules promulgated by the UGC and the DGHE, Panchkula, Haryana. The college takes cognizance of IDP and has already started working in the same direction. Digital technology and ICT tools are used to augment the teaching process, keeping in mind the demands of the contemporary era. Ethical values and moral education is imparted to students through myriad forums. Last but not the least, the college takes immense pride in its ethical aura. To encapsulate, the college has done its bit with gusto, to adapt to the National Education Policy.

VOTE OF THANKS

AGENDA:-

- Progression of College: Overall Development
- Skill Enhancement Programmes
- Incorporation of Moral Ethics
- Suggestions for Best Practices
- MOU with other Institutions
- Any other item with the permission of the Chair.

Minutes of the Meeting:

In the Annual IQAC Meeting held virtually via Google Meet with the external stakeholders on September 23, 2022 at 11:00 a.m., the following was discussed and decided:

The Principal Ms. Santosh Bisla welcomed the guests and the Convener of IQAC Dr. Manju Singh presented the Report of IQAC.

The Key Note Speaker Sh. Shiv Raman Gaur, Director, Higher Education, DAV CMC, New Delhi praised the internal dialogues/meetings of IQAC of the college and emphasized to introspect-what is done and what needs to be done. He suggested for out of the box thinking to innovate and bring out bright ideas. He was of the view to prepare the agenda concretely and confine to it, accessing oneself and the areas to be discussed with concrete steps.

For best practices in Criterion VII, he suggested that

- Through the volunteers/cadets/students of NSS/NCC/Sahyog Club (with the permission of CMO of the city), the college may identify 50 girls to be initiated as Health Workers who may assist patients in hospitals or guide them. Two benefits of this activity-one will be the social work and the other is that the students will develop compassion towards the patients.
- Any 'Act of Compassion'/ help in family, friends and society may be acknowledged by teachers and recognized by the college.
- The college to promote ethical values and encourage students to participate in the activities-donation of clothes, things etc. in orphanage (to make this as a part of your cumulative effort). The college to initiate and put boxes of donation in the campus.
- Sh. Gaur emphasized on the holistic development of the students that is the prime mover of NEP 2020. The teachers to identify the students' strong characteristics like science student sings and paints. The teachers also to move outside books and help the students encounter and cope up with their stress and anxiety; therefore in order to make them become 'hard shells' later, good habits to be inculcated in them at an early stage of college life.
- Sh. Gaur referring to Swami Vivekanand said that positive ideas have great impact on the mind, therefore, there should be- Substitution of Thought and Thoughtlessness-meditation.

Dr. Neera Raghav, Chairperson, Department of Chemistry, KUK praised the excellent working of the college and said that IQAC is doing a lot for the enhancement and quality upgradation.

Neera mam suggested that the IQAC needs to differentiate between performers and non-performers. Felicitation of faculty members should be introduced and it should be for the students too. She further emphasized on the holistic approach and development and analyzed that activities should be performed in the college preferably in the offline mode, (If conducted online, it should be followed by an input/ feedback/ not questionnaire) not as attendee for certificate but for participation which includes input and feedback.

For best practices and extension activities, Prof. Neera suggested the introduction of moral ethics, skill development and social outreach programmes.

She further suggested that the faculty members should apply as Research Supervisors and Co-supervisors (introduced by the affiliating university-KUK under UGC guidelines). The faculty

fulfilling the eligibility criteria may apply for the same as it is an important ingredient for faculty development.

Also, the college should try for MOU's from institutions. Prof. Neera also focused on to develop botanical area-where tulsi, mint and other antioxidant plants/small succulent herbs be planted.

Mr. R.K. Mittal, Director, Apurva Biotech., Karnal emphasized on strengthening Criteria V, i.e. for placements. Firstly, he said stress on to the analysis of the level of knowledge and confidence of students when they are about to pass out. He said that with the emergence of new private universities where the labs and faculty are world class and high research is done, how our students will cope? He suggested some measures:

- The college to introduce a system of mandatory internships.
- Devise some industries/institutes where the students may able to understand the practical work.
- Enhance the knowledge and confidence of students by practical assignments and presentations.

The college should organize lectures and invite people to motivate students with their success stories, preferably in entrepreneurship. Towards the end of the course, the students should know where to approach and where to apply for good job and carrier.

Mr. V. K. Singh, Chairman, Excellent Civil Academy, Karnal discussed the Scholarship schemes for students, strengthening Criterion V. He emphasized on free coaching schemes to be introduced by college for needy students, SC, ST, OBC and help them prepare for competitive exams.

The students to incorporate economic strength and develop social harmony as an employee and as an entrepreneur.

There has to be a shift from socialist economy to pseudo capitalist economy. Development of students as entrepreneurs through:

- Haryana Entrepreneur Policy 2020.
- MSME
- Private (Self) entrepreneurship to be promoted.

Ms. Sonia Saini, Ph. D Research Scholar, ISRO, College name- Indian Institute of Space Science and Technology, Kerela said that the students should excel in all spheres-etc. academics, sports, curricular to co- curricular and extra- curricular. Deep core rooted learning with understanding and practicing for students along with no time-domain for practicals was suggested by Ms. Sonia. She said that being an Alumna of the college she enjoyed all these facilities. She suggested the students to be consistant, confident and not to care/ worry about time, just practice. She complimented the college for imparting core values in students. She further suggested that in the Library, Notice Board should be updated for Jobs/Govt., Research and Scholarships etc. Also, Moral lectures should be organized for students.

Through PPT, she demonstrated her research work and career too.

B.K. Preeti, Brahma Kumaris talked about spirituality and how the students can be guided to strengthen their mind, to make them mentally and emotionally strong.

She discussed the importance of spiritual health and holistic health and also the holistic managing of things through meditation. Humanity/ Social services and earning blessings is important for students' holistic growth. The students may be attached to

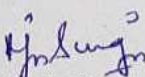

- Touch the Light Project.
- Value based programmes.
- No Anger Zone to be created in the college college for positive and pure vibrations and avoid psychosomatic diseases.

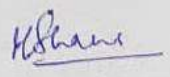

Mr. Shamsher Singh and Mrs. Monika Rana (Parents) appreciated the college and expressed their satisfaction for working of the college. Ms. Sarika Rana (B.Sc. II Medical) praised the college and its working as it organizes plethora of activities for holistic development. She said that the Principal and teachers boost the confidence of the students. Apart from maintaining regular activities, a lot is taught in the college for the holistic growth of students.

During interaction, some more measures were suggested as:

- Official support to conduct research.
- Budget allocation of research to be prioritized.
- Faculty to apply for Major/Minor Research Projects to State and Central Funding Agencies.
- Fishery Culture, Mushroom Culture Workshops to be organized for self-employment/entrepreneurship.
- More security cameras to be installed in auditorium.
- No wastage of electricity- students to be assigned duties to switch off lights and fans before leaving the classes.

Ms. Santosh Bisla
Principal

Dr. Manju Singh
Convener

Ms. Meenu Sharma
Co-conyener

ATR:

The given suggestions by the experts were duly discussed and noted for necessary implementation:

- Charity Day fixed every month (2nd Friday of every month.)
- Talent Shows are organized in which the students from all the streams participate.

- Moral/ Ethical values are regularly discussed during Mentor-Mentee meetings.
- Seminars/Workshops conducted in online mode are always followed by healthy interactions and feedback.
- Dr. Manju Singh, HOD, Department of Chemistry has applied for Research Supervisor to Ph.D. scholars in the Department of Chemistry, KUK.
- In Chemistry Lab, succulent plants have been placed to absorb harmful gases.
- Practical assignments and presentations are a regular feature.
- Remedial classes being taken for weak students.
- No Anger Zone has been created in the college.
